Re: October 2014 Quarterly Summary Report
Goldsboro Milling Company, Mill #1 Property
938 Millers Chapel Road
Goldsboro, Wayne County, North Carolina
Site ID: NONCD0002891

Dear Ms. Macdonald:

In accordance with Section III.E of the executed Registered Environmental Consultant (REC) Administrative Agreement for the Goldsboro Milling Company, Mill #1 Property, Terracon Consultants, Inc. (Terracon) appreciates the opportunity to submit this October 2014 Quarterly Summary Report to the REC Program on behalf of Goldsboro Milling Company.

In accordance with the Work Plan for Remedial Investigation, dated September 24, 2013, Terracon has installed monitoring wells MW-8 through MW-11 and sampled the new wells and the existing wells at the site during the last quarter. The laboratory analytical results were recently received from the laboratory. Chlorinated compounds remain in the groundwater near the former UST area and feed sampling gallow platform. The placement of the additional wells has delineated the contaminant plume to the north and east. Additional assessment may be needed to the west and south of the apparent source area. **Terracon's work on this project is progressing on a schedule to achieve the mandatory work phase completion deadlines established in 15A NCAC 13C .0302(h).**

Sincerely,
Terracon Consultants, Inc.

Christopher L. Corbitt, PG, RSM
Senior Project Manager

Cc: Mr. John Pike, Goldsboro Milling Company
Mr. Allen McColl, Terracon
